Baby Jade™ Boxwood

Buxus microphylla var. japonica 'Grejade'
PP26656

Baby Jade Boxwood is here and it's kind of a big deal. Think of Baby Jade™ boxwood as Baby Gem's more petite, compact and good-looking cousin...because that's exactly what it is! Super-fine evergreen foliage holds its hue throughout the year and makes for perfectly dense hedges. The small but mighty 3x3 stature also works wonderfully for smaller gardens or focal areas.
